

Fuel Components

Please note the following statements are excerpts from the FAA Advisory Circular 20-62C entitled “ELIGIBILITY, QUALITY, AND IDENTIFICATION OF APPROVED REPLACEMENT PARTS”:

Background:

An increasing amount of replacement parts (including standard parts), materials, appliances and instruments are offered for sales as being of aircraft quality and origin of these units are unknown. Users of such units are usually not aware of the potential hazards involved with replacement parts that are not eligible for use on certified aircraft. Frequently such units are deceptively advertised and presented as “unused,” “like new,” or “remanufactured.” This implies that the quality of such units is equal to an original or appropriately repaired or overhauled.

The performance rules for replacement of parts and materials used in the maintenance and alteration of U.S. certificated aircraft are specified in Federal Aviation Regulations (FAR) 43.13 and FAR 145.57. The responsibility for the continued airworthiness of the aircraft, which includes the replacement of parts, is the responsibility of the owner/operator as outlined in FAR 91.163, FAR 121.363, FAR 123.45, FAR 127.131 and FAR 135.143 (a).

Identification of the Approved Parts:

Approved serviceable replacement parts are identified as follows:

1. By an FAA Form 8130-3 (Formerly FAA Form 186), Airworthiness Approval Tag. An Airworthiness Approval Tag identifies a part or group of parts that have been approved by an authorized FAA representative.
2. By an FAA Technical Standard Order (TSO) number and identification mark that indicates the part or appliance has been manufactured under the requirements of FAR 37.
3. By an FAA/PMA symbol, together with the manufacturer’s name, trademark or symbol, part number, and the make and model of the type certificated product on which the part is eligible for installation, stamped on the part. An FAA Parts Manufacturer Approval (FAA/PMA) is issued under FAR 21.305. The make and model information may be on a tag attached to the part.
4. By shipping ticket, invoice, or other document which provides evidence that the part was produced by a manufacturer holding an FAA Approved Production Inspection System issued under FAR 21, Subpart F, or by a manufacturer holding an FAA Production Certificate issued under FAR 21, Subpart G.
5. By a certificate of airworthiness for export issued by a foreign government under the provisions of FAR 21, Subpart N.

Know Your Supplier:

It has come to our attention that many reproduced parts and components, particularly instruments which have been manufactured by persons other than the original manufacturer, are available for purchase and installation on U.S. certificated aircraft. Often, an original part is used as a sample to produce duplicates. The reproduced parts appear to be as good as the original part; however, there are many unknown factors to be considered that may not be readily apparent to the purchaser, i.e. heat treating, plating, inspections, tests, and calibrations. All too often the faulty part is not discovered until a malfunction or an accident occurs.

Summary:

In accordance with FAR’s, certification of materials, parts, and appliances for return to service, for use on aircraft, is the responsibility of the person or agency who signs the approval. The owner/operator, as denoted in paragraph 3 of this advisory circular, is responsible for the continued airworthiness of the aircraft. To assure continued safety in aircraft operation, it is essential that great care be used when inspecting, testing and determining the acceptability of all parts and materials. Particular caution should be exercised when the identity of materials, parts, and appliances cannot be established or when their origin is in doubt.

All Kelly Aerospace Power Systems products offered herein meet the requirement of FAA Advisory Circular 20-62C.

General Terms and Conditions:

1. All prices are subject to change without notice. Invoice prices will be seller's price in effect at time of shipment.
2. All prices are F.O.B. Kelly Aerospace Power Systems plant point of shipment.
3. All prices in this catalog are less sales and excise taxes. All quotations and/or contracts shall be subject to increase without notice by the amount of any sales, use or excise taxes levied against such transactions by any Federal, State, Municipal or other domestic or foreign government agency unless tax exemption certificate can be furnished which will meet the approval of such agency.
4. All orders are payable in U.S. funds.
5. Kelly Aerospace Power Systems is not responsible for any part left on the unit which is not part of the normal overhaul.
6. Kelly Aerospace Power Systems reserves the right to return any unit that cannot be overhauled disassembled.

Prices are subject to change without notice.

General Policy

Limited Warranty Policy:

Kelly Aerospace Power Systems warrants that all new, rebuilt or overhauled products (or minor revision derivatives thereof), sold by Kelly Aerospace Power Systems, Montgomery Alabama, shall be free from defects in material and workmanship under normal use and service for a period of:

New and Rebuilt Components	Overhauled Components
One (1) year*	Six (6) months*

The warranty period begins (unless otherwise noted) from the date of installation into the aircraft if, and only if, the following conditions are met:

1. The unit and warranty claim, with all requested information properly supplied has been returned to any authorized Kelly Aerospace Power Systems distributor. International Customers may utilize a KAPS Authorized Service Center or a KAPS Distributor. Units must be returned within 30 days of the product failure date. Units must not be disassembled and in their “as removed” condition.
2. No substitute parts shall have been installed in the product without prior authorization of Kelly Aerospace Power Systems, Montgomery, Alabama.
3. The product shall not have been disassembled, repaired, or altered outside of Kelly Aerospace Power Systems approved facilities unless express prior authorization was granted in writing.
4. The product shall not have been subject to misuse, accident, or improper installation unless proof is submitted to the satisfaction of Kelly Aerospace Power Systems that such abuse was not a cause for the claimed defect.
5. The duration of this Limited Warranty shall be for the **unused portion of the original warranty period**. *Any replacement unit or repair shall not establish a new warranty period.*

* Units will be activated automatically for a shelf stock warranty period and in all cases shall expire thirty-six (36) months from date of manufacture (see I.D. plate). Units held in distribution stock over thirty-six (36) months can be returned to the factory for complete testing, recertification, new warranty, and new packaging for a nominal charge.

Limitations and Exclusions:

1. The sole responsibility and liability of Kelly Aerospace Power Systems and your exclusive remedy under this claim arising out of, connected with, or resulting from, this sale or the performance or breach of any condition or warranty thereunder, or from the manufacture, delivery, or use of the product shall be the repair of, or replacement, or credit for this defective product at Kelly Aerospace Power Systems' option.
2. **IN NO EVENT, WHETHER AS A RESULT OF A BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), OR OTHERWISE, SHALL KELLY AEROSPACE POWER SYSTEMS BE LIABLE FOR ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL, OR PENAL DAMAGES OR EXPENSES, INCLUDING BUT NOT LIMITED TO, COSTS OF REMOVAL AND REPLACEMENT OF THE PRODUCT(S), LOSS OF PROFIT, GOODWILL, OR REVENUES, LOSS OF USE OF THE PRODUCT OR ANY ASSOCIATED EQUIPMENT, DAMAGE TO ASSOCIATED EQUIPMENT, COST OF CAPITAL, COST OF SUBSTITUTE PRODUCTS, FACILITIES, OR SERVICES, DOWN TIME, OR COSTS OR CLAIMS OF THIRD PARTIES FOR SUCH DAMAGES OR EXPENSES.**

Warranty Registration:

1. Warranty Registration is required on every new unit sold by Kelly Aerospace Power Systems Inc and sold through an authorized Kelly Aerospace Power Systems distributor.
2. Warranty Registration must be completed by logging on to the internet via www.kellyaerospace.com and following the path to warranty registration. The installing agency must file the registration showing all information required therein. The

warranty registration must be accomplished within 10 days of the date of installation or this warranty is void.

3. An owner copy of the warranty registration may be printed out once registration is completed and should be kept with the aircraft's log book and/or paperwork file carried in the aircraft. When requesting warranty consideration, the Warranty Registration copy should be returned with the unit to an authorized Kelly Aerospace Power Systems distributor along with information pertaining to the removal and installation dates and suspected difficulty.

Specific Terms:

1. The foregoing warranty is exclusive and in lieu of all other warranties or remedies whether written, oral, implied, or statutory. Any and all implied warranties of merchantability, fitness for a particular purpose, course of dealing or usage of trade are hereby expressly disclaimed and excluded. The Warranty Registration must be completed within 10 days from the date of installation of the equipment or this warranty is void.
2. Acceptance of the product by you shall constitute your acknowledgment and acceptance of the terms, provisions, limitations, and exclusions set forth herein. Such terms, provisions, limitations, and exclusions shall not be modified, deleted, or supplemented except by an express written acknowledgment of Kelly Aerospace Power Systems.

General:

1. **Any claims under this warranty should be made through a Kelly Aerospace Power Systems authorized distributor or service center.** Any claim made, which cannot be reasonably duplicated, will not be considered applicable to warranty and shall be returned "as is". All claims shall be handled according to standard warranty procedures; see your authorized distributor for details. A list of Kelly Aerospace Power Systems distributors may be obtained from Kelly Aerospace Power Systems via Internet at www.kellyaerospace.com or by Tel: (334) 286-8551.
2. All products returned by a distributor for warranty consideration are to be shipped to Kelly Aerospace Power Systems, 1404 E. South Blvd., Montgomery, Alabama 36116 (USA) freight prepaid. If the warranty claim is accepted, the replacement parts, if shipped individually, will be shipped surface freight, prepaid.

Core Chargeback Policy:

Any unit being returned for core or warranty core credit shall be, as removed from the engine, complete and not disassembled. No core or warranty core credit will be allowed for automotive units. Units that are rusty or cannot be overhauled for any reason will be classified as scrap, having no value. Units which have been weld repaired, as well as units which have been disassembled and then reassembled with old parts, will also be classified as scrap, having no value. A percentage of the core value will be charged for all missing or damaged parts. At no time will the damaged or missing parts charge on any unit exceed the core value of that unit.

1. Cores will only be accepted for credit 12 months from date of invoice.
2. Cores returned in excess of cores invoiced will become the property of Kelly Aerospace Power Systems and will only be credited for up to 10% of core value.
3. Cores must be of like purchase or a direct superseded unit.

Return Goods Policy:

Kelly Aerospace Power Systems will accept returned goods with the following conditions:

1. The part must have been originally purchased from Kelly Aerospace Power Systems and must be a current production part.
2. Parts may be returned within 90 days after invoice without restocking charge as long as the product is in its original packaging.
3. Parts returned after 90 days are subject to a minimum of 20% restocking charge. No merchandise may be returned after one year.
4. All returns must include: Date of purchase, Kelly Aerospace Power Systems invoice number, and the reason for return.

10-4895-1	MA-3SPA, TCM [Eng Mfg PartNo: 633029]	CF286-03	2
10-4910	MA-4SPA, Lycoming [Eng Mfg PartNo: 77279]	CF286-04	2
10-4910-1	MA-4SPA, Lycoming [Eng Mfg PartNo: LW-16559]	CF286-04	2
10-4953	MA-3A, Lycoming [Eng Mfg PartNo: 77585]	CF286-00	1
10-4978-1	MA-3PA, Lycoming [Eng Mfg PartNo: 77939]	CF286-01	2
10-5009	MA-4SPA, Lycoming [Eng Mfg PartNo: 78728]	CF286-04	2
10-5009N	MA-4SPA, Lycoming [Eng Mfg PartNo: Modified 78728]	CF286-04	2
10-5034	MA-4-5, Lycoming [Eng Mfg PartNo: LW-10064]	CF286-07	1
10-5042	MA-4-5, Lycoming [Eng Mfg PartNo: LW-10196]	CF286-09	1
10-5045	(Lycoming)	CF286-10	1
10-5045-1	(Lycoming)	CF286-10	1

Note: 1 - No longer includes Throttle Arm.

2 - No longer includes Throttle Arm and Pump Discharge Check-Valve

Part Number	Description	Quick Kit Number	Note
