**Price List**

Please note the following statements are excerpts from the FAA Advisory Circular 20-62C entitled "ELIGIBILITY, QUALITY, AND IDENTIFICATION OF APPROVED REPLACEMENT PARTS":

## Background:

An increasing amount of replacement parts (including standard parts), materials, appliances and instruments are offered for sales as being of aircraft quality and origin of these units are unknown. Users of such units are usually not aware of the potential hazards involved with replacement parts that are not eligible for use on certified aircraft. Frequently such units are deceptively advertised and presented as "unused," "like new," or "remanufactured." This implies that the quality of such units is equal to an original or appropriately repaired or overhauled.

The performance rules for replacement of parts and materials used in the maintenance and alteration of U.S. certificated aircraft are specified in Federal Aviation Regulations (FAR) 43.13 and FAR 145.57. The responsibility for the continued airworthiness of the aircraft, which includes the replacement of parts, is the responsibility of the owner/operator as outlined in FAR 91.163, FAR 121.363, FAR 123.45, FAR 127.131 and FAR 135.143 (a).

## Identification of the Approved Parts:

Approved serviceable replacement parts are identified as follows:

1. By an FAA Form 8130-3 (Formerly FAA Form 186), Airworthiness Approval Tag. An Airworthiness Approval Tag identifies a part or group of parts that have been approved by an authorized FAA representative.
2. By an FAA Technical Standard Order (TSO) number and identification mark that indicates the part or appliance has been manufactured under the requirements of FAR 37.
3. By an FAA/PMA symbol, together with the manufacturer's name, trademark or symbol, part number, and the make and model of the type certificated product on which the part is eligible for installation, stamped on the part. An FAA Parts Manufacturer Approval (FAA/PMA) is issued under FAR 21.305. The make and model information may be on a tag attached to the part.
4. By shipping ticket, invoice, or other document which provides evidence that the part was produced by a manufacturer holding an FAA Approved Production Inspection System issued under FAR 21, Subpart F, or by a manufacturer holding an FAA Production Certificate issued under FAR 21, Subpart G.
5. By a certificate of airworthiness for export issued by a foreign government under the provisions of FAR 21, Subpart N.

## Know Your Supplier:

It has come to our attention that many reproduced parts and components, particularly instruments which have been manufactured by persons other than the original manufacturer, are available for purchase and installation on U.S. certificated aircraft. Often, an original part is used as a sample to produce duplicates. The reproduced parts appear to be as good as the original part; however, there are many unknown factors to be considered that may not be readily apparent to the purchaser, i.e. heat treating, plating, inspections, tests, and calibrations. All too often the faulty part is not discovered until a malfunction or an accident occurs.

## Summary:

In accordance with FAR's, certification of materials, parts, and appliances for return to service, for use on aircraft, is the responsibility of the person or agency who signs the approval. The owner/operator, as denoted in paragraph 3 of this advisory circular, is responsible for the continued airworthiness of the aircraft. To assure continued safety in aircraft operation, it is essential that great care be used when inspecting, testing and determining the acceptability of all parts and materials. Particular caution should be exercised when the identity of materials, parts, and appliances cannot be established or when their origin is in doubt.

All Kelly Aerospace Energy Systems products offered herein meet the requirement of FAA Advisory Circular 20-62C.

## **General Terms and Conditions:**

1. All prices are subject to change without notice. Invoice prices will be seller's price in effect at time of shipment.
2. All prices are F.O.B. Kelly Aerospace Energy Systems plant point of shipment.
3. All prices in this catalog are less sales and excise taxes. All quotations and/or contracts shall be subject to increase without notice by the amount of any sales, use or excise taxes levied against such transactions by any Federal, State, Municipal or other domestic or foreign government agency unless tax exemption certificate can be furnished which will meet the approval of such agency.
4. All orders are payable in U.S. funds.
5. Kelly Aerospace Energy Systems is not responsible for any part left on the unit which is not part of the normal overhaul.
6. Kelly Aerospace Energy Systems reserves the right to return any unit that cannot be overhauled disassembled.

**Prices are subject to change without notice.**

## Limited Warranty Policy

Kelly Aerospace Energy Systems (KAES) warrants that all new, rebuilt or overhauled products (or minor revision derivatives thereof), sold by Kelly Aerospace Energy Systems, Montgomery Alabama, shall be free from defects in material and workmanship under normal use and service for a period of ONE YEAR ON ALL NEW COMPONENTS and SIX MONTHS ON ALL OVERHAULED COMPONENTS.

The warranty period begins (unless otherwise noted) from the date of installation into the aircraft if, and only if, the following conditions are met:

1. The unit and warranty claim, with all requested information properly supplied has been returned to any authorized KAES distributor. International Customers may utilize a KAES Authorized Service Center or a KAES Distributor. Units must be returned within 30 days of the product failure date. Units must not be disassembled and in their "as removed" condition.
2. No substitute parts shall have been installed in the product without prior authorization of KAES, Montgomery, Alabama.
3. The product shall not have been disassembled, repaired, or altered outside of KAES approved facilities unless express prior authorization was granted in writing.
4. The product shall not have been subject to misuse, accident, or improper installation unless proof is submitted to the satisfaction of KAES that such abuse was not a cause for the claimed defect.
5. The duration of this Limited Warranty shall be for the unused portion of the original warranty period. Any replacement unit or repair shall not establish a new warranty period.

\* Units will be activated automatically for a shelf stock warranty period and in all cases shall expire thirty-six (36) months from date of manufacture (see I.D. plate). Units held in distribution stock over thirty-six (36) months can be returned to the factory for complete testing, recertification, new warranty, and new packaging for a nominal charge.

## Limitations & Exclusions:

1. The sole responsibility and liability of KAES and your exclusive remedy under this claim arising out of, connected with, or resulting from, this sale or the performance or breach of any condition or warranty there under, or from the manufacture, delivery, or use of the product shall be the repair of, or replacement, or credit for this defective product at KAES's option.
2. IN NO EVENT, WHETHER AS A RESULT OF A BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), OR OTHERWISE, SHALL KAES BE LIABLE FOR ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL, OR PENAL DAMAGES OR EXPENSES, INCLUDING BUT NOT LIMITED TO, COSTS OF REMOVAL AND REPLACEMENT OF THE PRODUCT(S), LOSS OF PROFIT, GOODWILL, OR REVENUES, LOSS OF USE OF THE PRODUCT OR ANY ASSOCIATED EQUIPMENT, DAMAGE TO ASSOCIATED EQUIPMENT, COST OF CAPITAL, COST OF SUBSTITUTE PRODUCTS, FACILITIES, OR SERVICES, DOWN TIME, OR COSTS OR CLAIMS OF THIRD PARTIES FOR SUCH DAMAGES OR EXPENSES.

## Specific Terms:

1. The foregoing warranty is exclusive and in lieu of all other warranties or remedies whether written, oral, implied, or statutory. Any and all implied warranties of merchantability, fitness for a particular purpose, course of dealing or usage of trade are hereby expressly disclaimed and excluded.
2. Acceptance of the product by you shall constitute your acknowledgment and acceptance of the terms, provisions, limitations, and exclusions set forth herein. Such terms, provisions, limitations, and exclusions shall not be modified, deleted, or supplemented except by an express written acknowledgment of KAES.

## General:

1. Any claims under this warranty should be made through a KAES authorized distributor or service center. Any claim made, which cannot be reasonably duplicated, will not be considered applicable to warranty and shall be returned "as is". All claims shall be handled according to standard warranty procedures; see your authorized distributor for details. A list of KAES distributors may be obtained from [www.KellyAerospace.com](http://www.KellyAerospace.com) or by Tel: (334) 286-8551.
2. All products returned by a distributor for warranty consideration are to be shipped to Kelly Aerospace Energy Systems, 1400 E. South Blvd., Montgomery, Alabama 36116 (USA) freight prepaid. If the warranty claim is accepted, the replacement parts, if shipped individually, will be shipped surface freight, prepaid.

## Core Chargeback Policy:

Any unit being returned for core or warranty core credit shall be 'as-removed' from the engine, complete and not disassembled. Units that are rusty, corroded, or cannot be overhauled for any reason will be classified as scrap, having no value. Units which have been weld repaired, as well as units which have been disassembled and then reassembled with old parts will also be classified as scrap, having no value. A percentage of the core charge or a flat dollar value will be charged for missing or damaged parts. (See listing) At no time will the damaged or missing parts charge on any unit exceed the core value of that unit.

1. Core charges are due in full within terms. Core credits will only be issued within 12 months from the date of invoice.
2. Cores returned in excess of cores invoiced will become the property of KAES and will only be credited for up to 10% of the unit core charge.
3. Cores must be of like purchase or a direct superseded unit.

## **Returned Goods Policy:**

Kelly Aerospace Energy Systems will accept returned goods with the following conditions:

1. The part must have been originally purchased from KAES and must be a current production part in its original packaging.
2. Parts may be returned within 60 days after the original invoice without restocking charges so long as the product is in its original form and packaging.
3. Parts returned after 60 days from original invoice are subject to a minimum of 20% restocking charge.
4. No merchandise returns will be accepted after one year from original date of shipment.
5. All returns must include: Date of purchase; KAES Invoice number; and the reason for the return.

A part return request form can be obtained from KAES customer service and may be reached at 334-286-8551 or email at [sales@kellyaerospace.com](mailto:sales@kellyaerospace.com).
