An Official Bulletin From Consolidated Fuel Systems, Inc.

Date: 4/25/00

Subject: Warranty Consideration for Allied Signal/Honeywell
Manufactured Turbocharger Valves & Controller Products

Contact: Sales Department

On October 1, 1998, Consolidated Fuel Systems, Inc. of Montgomery Alabama acquired the turbocharger valves and controller product line from Allied Signal / Honeywell. Based on the terms and conditions of this sale, Allied Signal / Honeywell was obligated to warrant the products they produced until March 1, 2000. Due to the terms and conditions set forth by Allied Signal / Honeywell, all units currently in service, or in stock within the distribution network manufactured prior to October 1, 1998 are no longer eligible for warranty consideration. All units manufactured by Consolidated Fuel Systems, Inc. after October 1, 1998 are subject to the warranty policies of Consolidated Fuel Systems, Inc.
