

## AVAILABILITY OF THE OVERHAUL & MAINTENANCE MANUAL FOR 200F & 201F FUEL PUMPS

Kelly Aerospace Power Systems is pleased to announce the availability of the Overhaul and Maintenance Manual for the KAPS 200F and 201F fuel pumps. P/N200201-0000 is issued in two volumes. Vol. 1 supercedes the 600F-0001 manual as originally issued on 5/07/01 and revised 5/01/06 for the 200F series fuel pump. Vol. 2 supercedes the 600F-0001 manual as originally issued on 5/07/01 and revised 5/01/06 for the 201F series fuel pump.

This manual contains overhaul and maintenance information for Kelly Aerospace Power Systems new and PMA'd 200F fuel pumps and for new and PMA'd 201F fuel pumps. It is published for the information and guidance of all personnel responsible for overhauling, maintaining, and testing of 220F and 201F aircraft fuel pumps.

Manual P/N 200201-0000 may be purchased direct through Kelly Aerospace's customer service. Contact Rhonda Jett at (334) 227-0175 FAX.
